

Pamela Brown

Pam's contributions to WCC are many. As Facilities Manager, she oversees the numerous details inherent in the smooth operation of the church's landmark 1790 sanctuary, building complex, historic parsonage and grounds. Pam also partners closely with the Earth Ministry team to implement environmentally sustainable best practices within our church.

A cornerstone of Wilton life, WCC is home to many town gatherings—all of which Pam capably oversees. Under her watchful eye, the church remains a vital, well-appointed hub of religious and community activity.

Additionally, Pam manages the operation of the tranquil and bucolic Hillside Cemetery, including its maintenance, perpetual care, gravesite and cremation memorial garden sales, burials and publicity.
