

Wilton Social Services

Mission: The mission of the Wilton Department of Social Services is to meet the social and psychological needs of Wilton residents of all ages. This is accomplished by providing information and referrals regarding local, state and federal social service programs, financial assistance, short term counseling, and by sponsoring the Wilton Senior Center and community programs for all ages. The Wilton Youth Services is also part of the Wilton Social Services. The Department works closely with other town departments to provide assistance and support to Wilton residents.

WCC involvement: Our involvement is both financial support and “hands on” opportunities for the congregation, which include donations to the “Warm-up Fund”, and gift cards at Christmas time for Wilton Teens. Our hands on opportunities include our annual coat drive including collection, sorting, mending, bagging, delivering and fulfilling the Wilton Senior Citizen Christmas gift requests, usually gift baskets, flowers and blankets.
