

## **Board of Stewardship**

It's the generosity of everyday people in our community that fuels the incredible life changes we experience here at WCC. The church's support comes from the monetary contributions of members who see God's hand in our worship, missions, music and fellowship. Each October, the Stewardship Board launches a campaign to raise money for the church's financial needs—both ongoing operational expenses as well as outreach and mission programs. Recognizing that money is most valuable when it's put to work helping others, the Board of Stewardship reminds us that it is a privilege to give generously of our time, talents and treasure.
