

Board of Youth Ministry

WCC is a place where God's message is not just heard, but brought to life through our children and youth. Overseeing the educational and spiritual vitality of WCC's youth activities, the Board of Youth Ministry develops programs with impact. Sunday School classes help children understand the world around them, the Bible, our Christian faith and how they can live as servants of Christ. Dynamic, relevant and hands-on, WCC's youth programs help teens come to better know God and what it means to be children of God in a needy world. Confirmation classes encourage youth to grow into their own faith relationship with both God and one another as they prepare to become members of the church independent of their families. And WCC's flagship summer Mission Trip brings it all to life in real-world, sleeves-rolled up ministry.
