

Nominating Committee

As beautiful as it is, the church is not a bricks and mortar structure at its heart. It's the congregation and staff that animate and breathe life into this place. Together, we contribute our time, talents and resources to fulfill our shared vision for the church. WCC's many boards and committees offer opportunities to get involved in whatever way feeds your soul. Each spring, some terms end and members move on to other volunteer positions within the church, leaving openings for new people with fresh ideas to step in. The Nominating Committee works diligently to help all who wish to serve find exactly the right board or committee to join. It is through the efforts of all that the church continues to thrive.
